

ATLANTIC Machinery

Straight Line Edger ASL4/5.325

The Atlantic ASL4/5 is a relatively compact and easy to use machine designed to grind and polish the bottom edge, with a front and back seam. It produces a consistent finish from 3mm - 25mm.

Features

- The heavy duty conveyor holds the glass firm with a minimum glass size of 80mm x 80mm.
- Changes in glass thickness are accommodated by the turn of a switch, with the conveyor bed being motorised in and out to a digital display
- Speeds of 0.8 – 4mtr/min are achieved depending on glass thickness.
- The ASL 5 has one additional polish wheel for the flat edge.
